Supravox Gamma - Stereo Phonograph

Supravox was a well known manufacturer of loudspeakers in Paris. No info can be found about productions of other sets. The model Gamma phonograph in the above photo could be dated around the mid sixties. Its look and its components talk of a good quality set.

Garrard AT60 automatic record changer. Stereo amplifier with 2 each EF86 and 2 more EL84, for approximately 4 + 4 W output power. Four speakers, two in the base and two in the detachable cover.
