

## 1700 AKAI – Tape Deck

4-track, three-speed tape deck. Pole switching of the capstan motor windings, to operate at either 50 or 60 Hz frequency. 40 to 18,000 Hz at 19 cm/s.

This tape recorder still uses four vacuum tubes, two 12AT7 and two 6BM8/ECL82.

Around mid sixties.
