

1N21 – UHF Mixer Diode

Silicon point-contact mixer diode. Available in several selections with different noise figure, burnout resistance and polarity.

- 1N21, NF 16.4dB at 3GHz
- 1N21A, NF 14.6dB at 3GHz
- 1N21B, NF 12.7dB at 3GHz
- 1N21C, NF 11.1dB at 3GHz

Also available with following suffixes: R, reverse polarity; M, matched pair; MR reverse polarity matched.

The samples in the image are reversible.
