

6339 – Vacuum Rectifier

Clipper diode/rectifier, electrically similar to 3B29. External anode. Designed for oil immersion/cooling, may also be operated in air.

16 kV PIV, 65mA.

1.5A at 6.3V filament.

Body measures 51mm by 20mm dia.

Amperex, 1955. Data available in the RMA record [1550](#).
