

## 6356 / TD10 – Gas Noise Generator

C band, 3.95 to 5.85GHz, noise source. Fits waveguide number RG-49/U, 10 degrees mount.

250mA anode current, 70V DC tube drop. Excess noise ratio: 15.2dB.

May also be used in X band, 5.85 to 8.2GHz, with waveguide RG-50/U; same data.

Bendix and Clare known manufacturers.

Registered in October 1953 to Bendix as 6356. Data in the RMA record [1245](#).
