

AZ41 / 95104 – Full-Wave Rectifier

Few info available on the 95104 code, but it is given as equivalent to AZ41. Same Philips short code, HD. Probably a pre-production version of the popular AZ41.

- 70 mA DC out max at 300 + 300 Vrms, 50 μ F max input filter capacitor
- 60 mA DC out max at 500 + 500 Vrms, 50 μ F max input filter capacitor

4 V at 0.72 A filamentary cathode supply.

Pins 1, 3, 4 an 5 are internally connected to filament taps and cannot be used.
