

CV797 / EN91 - Small Power Thyatron

Miniature thyatron tetrode, British equivalent to [5727 / 2D21W](#). General purpose applications, including relay, grid-controlled rectifier, pulse modulator, clock generator and even gas noise generator.

1.3 kV PIV, 100 mA max anode current.

[CV797](#) spec sheet.

[EN91](#) datasheet.
